INGREDIENTS

Dried Kelp* (*Ascophyllum nodosum*)

*USDA Organic certified

FEEDING DIRECTIONS

SeaLife Organic Kelp Meal for Animals is intended to be used as part of a complete balanced feed program, to provide supplemental trace minerals when used in accordance with the following suggested feeding guidelines:

Dairy and Beef Cattle

- Mature cattle should consume between 2-4 oz./head/day, on average.
- Offer free-choice, or mix 2.0% Kelp Meal with grain ration.

Calves and Heifers

- Calves and Heifers should consume between 0.5-1.0 oz./head/day, on average.
- Offer free-choice, or mix 2.0% Kelp Meal with grain ration.

Sheep

- Mature sheep should consume between 0.25-0.5 oz./head/day, on average.
- Offer free-choice, or mix 2.0% Kelp Meal with grain ration.

Goats

- Mature goats should consume between 0.25-0.5 oz./head/day, on average.
- Offer free-choice, or mix 2.0% Kelp Meal with grain ration.

Swine

- Mature swine should consume between 1-2 oz./head/day, on average.
- Top-dress, or mix 1.0% Kelp Meal with grain ration.

Poultry

- Mix 1% kelp meal with grain ration.

Horses

- Horses should consume 0.125-0.5 oz./head/day, or 0.25 oz. per 500 lbs. of body weight. Do not offer other sources of iodine.
- Top dress, or offer by hand.

Warning – This feed must be used only in accordance with the directions provided on the label.

The above suggested feeding program is intended solely as a guide. Specific factors (e.g., breed, environment, management, pasture or feed nutrition, etc.) may require alterations to the feeding program to meet livestock dietary needs.

Store in a cool dry place. This product may be subject to spoilage if not properly stored. Do not feed this product if spoilage or product contamination is suspected.
